BUDGET MODIFICATION REPORT**

Part II - Capital Projects Budget

BILL AS INTRODUCED:

The State/Executive Branch Budget Bill, Part II, Capital Projects Budget includes the directives:

- (1) Capital Construction Fund Appropriations and Reauthorizations:** Moneys in the Capital Construction Fund are appropriated for the following capital projects subject to the conditions and procedures in this Act. Items listed without appropriated amounts are previously authorized for which no additional amount is required. These items are listed in order to continue their current authorization into the 2004-2006 fiscal biennium. Unless otherwise specified, reauthorized projects shall conform to the original authorization enacted by the General Assembly.
- (2) Expiration of Existing Line-Item Capital Construction Projects:** All appropriations to existing line-item capital construction projects expire on June 30, 2005, unless reauthorized in this Act with the following exceptions: (a) A construction contract for the project shall have been awarded by June 30, 2005; (b) Permanent financing or a short-term line of credit sufficient to cover the total authorized project scope shall have been obtained in the case of projects authorized for bonds; and (c) Grant or loan agreements, if applicable, shall have been finalized and properly signed by all necessary parties. Notwithstanding the criteria set forth in this section, the disposition of 2002-2004 biennium nonstatutory appropriated maintenance pools funded from Capital Construction Investment Income shall remain subject to the provisions of KRS 45.770(4)(c) and (d).
- (3) New Bond Projects:** Bond projects authorized for the first time in this Part which have debt service supported by state General Fund appropriations are authorized in the first year of the biennium. Debt service has been included effective July 1, 2005, for those projects that have progressed sufficiently to warrant the immediate sale of bonds, subject to the approval of the State Budget Director and the Secretary of the Finance and Administration Cabinet. The sale of all other bonds to finance the remaining projects shall occur after August 1, 2005.
- (4) Lapse of General Fund Debt Service Appropriations for Canceled Projects:** If any authorized capital construction or major equipment projects are canceled, any General Fund appropriated debt service for those same projects shall lapse to the credit of the General Fund.
- (5) Bond Proceeds Investment Income:** Investment income earned from bond proceeds beyond that which is required to satisfy Internal Revenue Service arbitrage rebates and penalties and excess bond proceeds upon the completion of a bond-financed capital project may be used to pay debt service according to the Internal Revenue Service Code and accompanying regulations. Notwithstanding KRS 48.010(13)(b), 48.720, or any section of this Act, any funds appropriated but not required to pay debt service because of this fund source substitution shall be

credited to the Statewide Deferred Maintenance Fund account each year. Unneeded debt service resulting from any other circumstance shall lapse in accordance with KRS 48.010(13)(b), 48.720, and other provisions of this Act except for the following: if the fund balance in the Emergency Repair, Maintenance, and Replacement Fund falls below \$5,000,000 in fiscal year 2004-2005, any debt service lapse necessary to bring the fund balance to \$5,000,000 in that fiscal year shall be credited to the Emergency Repair, Maintenance, and Replacement Fund. No transfer to the Emergency Repair, Maintenance, and Replacement Fund, or the Statewide Deferred Maintenance Pool Account, shall be made based on the above provisions if the lapse from other General Fund accounts is insufficient to meet appropriations approved in other Parts of this Act.

(6) Appropriations for Projects Not Line-Itemized: Inasmuch as the identification of specific projects in a variety of areas of the state government cannot be ascertained with absolute certainty at this time, amounts are appropriated for specific purposes to projects which are not individually identified in this Act in the following areas: Kentucky Infrastructure Authority Water and Sewer Projects; Repair of State-Owned Dams; Land Acquisition; Property Demolition; Guaranteed Energy Savings projects; Wetland and Stream Mitigation; Phase I Tobacco Settlement Agricultural Development Initiative; Economic Development projects which shall include authorization for the High-Tech Construction Pool and the High-Tech Investment Pool; Infrastructure projects; the Capital Renewal and Maintenance Bond Pool; and University Major Items of Equipment Pools. Any projects estimated to cost over \$400,000 and equipment estimated to cost over \$100,000 shall be reported to the Capital Projects and Bond Oversight Committee. All moneys transferred to the Finance and Administration Cabinet for capital construction from any appropriations, including income from investments, shall be expended, accounted for, and otherwise treated in the same manner as funds appropriated directly to the Finance and Administration Cabinet for capital construction.

HOUSE REPORT

The House concurs with the Bill as Introduced, Part II, Capital Projects, with the following changes:

(3) New Bond Projects: Bond projects authorized for the first time in this Part which have debt service supported by state General Fund appropriations are authorized in the first year of the biennium. Debt service has been included at the beginning of fiscal year 2005-2006. The sale of bonds for the Facilities Management, Statewide Repair, Maintenance, and Replacement Pool Fund shall occur after July 1, 2005. The sale of bonds to finance replacement of the Commonwealth's Personnel and Payroll System shall occur after January 1, 2006.

Separate funds records and reports shall be maintained in a manner consistent with the branch budget bills.

The sources of Restricted Funds appropriations in this Act shall include all fees (which includes fees for room and board, athletics, and student activities) and rentals, admittances, sales, bond proceeds, licenses collected by law, gifts, subventions, contributions, income from investments, and other miscellaneous receipts produced or received by a budget unit, except as otherwise specifically provided, for the purposes, use, and benefit of the budget unit as authorized by law. Restricted Funds receipts shall be credited and allotted to the respective fund or account out of which a specified appropriation is made in this Act. All receipts of Restricted Funds shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45, and 48.

The sources of Federal Funds appropriations in this Act shall include federal subventions, grants, contracts, or other Federal Funds received, income from investments, and other miscellaneous federal receipts received by a budget unit, the Unemployment Compensation Fund, except as otherwise provided, for the purposes, use, and benefit of the budget unit as authorized by law. All Federal Funds receipts shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45, and 48.

2. Expenditure of Excess Restricted Funds or Federal Funds Receipts: If receipts received or credited to the Restricted Funds accounts or Federal Funds accounts of a budget unit during fiscal year 2004-2005 or fiscal year 2005-2006, and any balance forwarded to the credit of these same accounts from the previous fiscal year, exceed the appropriation made by specific sum for these accounts of the budget unit as provided in Part I, Operating Budget, of this Act, for the fiscal year in which the excess occurs, the excess funds in the accounts of the budget unit shall become available for expenditure for the purpose of the account during the fiscal year only upon compliance with the conditions and procedures specified in KRS 48.400, 48.500, 48.600, 48.605, 48.610, 48.620, 48.630, 48.700, 48.705, 48.710, 48.720, 48.730, 48.800, and 48.810 and this Act, and with the authorization of the State Budget

Part III – GENERAL PROVISIONS

Director and approval of the Secretary of the Finance and Administration Cabinet.

Prior to authorizing the appropriation of any excess, unbudgeted Restricted Funds pursuant to this section, the State Budget Director and the Secretary of the Finance and Administration Cabinet shall review the adequacy of the General Fund Surplus Account with respect to its availability to support Necessary Government Expenses. In the event that General Fund Surplus Account moneys are determined by this review to be adequate to meet known or anticipated Necessary Government Expenses during fiscal year 2004-2005 or fiscal year 2005-2006, respectively, then the appropriation increase may be approved. In the event that the review indicates that there are insufficient funds available or reasonably estimated to become available to the General Fund Surplus Account to meet known or projected Necessary Government Expenses for the fiscal years enumerated above, the State Budget Director, with the concurrence of the Secretary of the Finance and Administration Cabinet, may disapprove the request for additional Restricted Funds expenditure authority and may direct the excess Restricted Funds identified to the General Fund Surplus Account in order to meet Necessary Government Expense obligations. The results of any review shall be reported to the Interim Joint Committee on Appropriations and Revenue in accordance with KRS 48.400, 48.500, 48.600, 48.605, 48.610, 48.620, 48.630, 48.700, 48.705, 48.710, 48.720, 48.730, 48.800, and 48.810.

Any request made by a budget unit pursuant to KRS 48.630 that relates to Restricted Funds or Federal Funds shall include documentation showing a comparative statement of revised estimated receipts by fund source and the proposed expenditures by proposed use, with the appropriated sums specified in the Budget of the Commonwealth, and statements which explain the cause, source, and use for any variances which may exist.

Each budget unit shall submit its reports in print and electronic format consistent with the Restricted Funds and Federal Funds records contained in the fiscal biennium 2004-2006 Branch Budget Request Manual and according to the following schedule in each fiscal year: (a) On or before the beginning of each fiscal year; (b) On or before October 1; (c) On or before January 1; and (d) On or before April 1.

3. Appropriations Expenditure Purpose and Transfer Restrictions: Funds appropriated in this Act shall not be expended for any purpose not specifically authorized by the General Assembly in this Act nor shall funds appropriated in this Act be transferred to or between any cabinet, department, board, commission, institution, agency, or budget unit of state government unless specifically authorized by the General Assembly in this Act and the provisions of KRS 48.400, 48.500, 48.600, 48.605, 48.610, 48.620, 48.630,

48.700, 48.705, 48.710, 48.720, 48.730, 48.800, and 48.810. Compliance with the provisions of this section shall be reviewed and determined by the Interim Joint Committee on Appropriations and Revenue.

4. Permitted Appropriation Obligations: No state agency, cabinet, department, office, or program shall incur any obligation against the General Fund or Road Fund appropriations contained in this Act unless the obligation may be reasonably determined to have been contemplated in the enacted budget and is based upon supporting documentation considered by the General Assembly, legislative and executive records, and the statutory budget memorandum.

5. Lapse of General Fund or Road Fund Appropriations Supplanted by Federal Funds: Any General Fund or Road Fund appropriation made in anticipation of a lack, loss, or reduction of Federal Funds shall lapse to the General Fund or Road Fund Surplus Account, respectively, to the extent the Federal Funds otherwise become available.

6. Federally Funded Agencies: A state agency entitled to Federal Funds which would represent 100 percent of the cost of a program shall conform to KRS 48.730.

7. Lapse of General Fund or Road Fund Excess Debt Service Appropriations: Pursuant to KRS 48.720, any excess General Fund or Road Fund debt service shall lapse to the respective surplus account unless otherwise directed in this Act.

8. Proposed revisions to an appropriation contained in the enacted State/Executive Budget or allotment of an unbudgeted appropriation shall conform to the conditions and procedures of KRS 48.630 and this Act.

Notwithstanding KRS 48.630(3), (4), and (5), any proposed and recommended actions to increase appropriations for funds specified in Section 2 of this Part shall be scheduled consistent with the timetable contained in that section in order to provide continuous and timely budget information.

9. Revision of Appropriation Allotments: Allotments within appropriated sums for the activities and purposes contained in the enacted State/Executive Budget shall conform to KRS 48.610 and may be revised pursuant to KRS 48.605 and this Act.

12. Interpretation of Appropriations: All questions that arise in interpreting any appropriation in this Act as to the purpose or manner for which the appropriation may be expended shall be decided by the Secretary of the Finance and Administration Cabinet pursuant to KRS 48.500, and the decision of the Secretary of the Finance and Administration Cabinet shall be final and conclusive.

BILL AS INTRODUCED

The State/Executive Branch Budget Bill, Part X, Phase I Tobacco Settlement, includes the following directives:

General Purpose: This Part of the Act prescribes the policy implementing aspects of the national settlement agreement between the tobacco industry and the collective states as described in KRS 248.701 to 248.727. In furtherance of that agreement, the General Assembly recognizes that the Commonwealth of Kentucky is a party to the Phase I Master Settlement Agreement (MSA) between the Participating Tobacco Manufacturers and 46 Settling States which provides reimbursement to states for smoking-related expenditures made over time.

State's MSA Share: The Commonwealth's share of the MSA is equal to 1.7611586 percent of the total settlement amount. Payments under the MSA are made to the states annually in April of each year.

MSA Payment Amount Variables: The total settlement amount to be distributed each payment date is subject to change pursuant to several variables provided in the MSA, including inflation adjustments, volume adjustments, previously settled states adjustments, and the nonparticipating manufacturers adjustment.

Distinct Identity of MSA Payment Deposits: The General Assembly has determined that it shall be the policy of the Commonwealth that all Phase I Tobacco Settlement payments shall be deposited to the credit of the General Fund and shall maintain a distinct identity as Phase I Tobacco Settlement payments that shall not lapse to the credit of the General Fund surplus, but shall continue forward from each fiscal year to the next fiscal year to the extent that any balance is unexpended.

MSA Payment Estimates and Adjustments: Based on the current estimates as reviewed by the Consensus Revenue Forecasting Group, the amount of MSA payments expected to be received in fiscal year 2004-2005 is \$108,800,000 and in fiscal year 2005-2006 is \$108,600,000. It is recognized that payments to be received by the Commonwealth are estimated and are subject to change. Any appropriations made from the estimated receipts are subject to adjustments based on actual receipts as received and certified by the Secretary of the Finance and Administration Cabinet.

State Enforcement: Notwithstanding KRS 248.654, a total of \$175,000 of the MSA payments received each fiscal year of the 2004-2006 biennium is appropriated to the Finance and Administration Cabinet, Department of Revenue for the state's enforcement of

The State/Executive Branch Budget Bill, Part XIV, provides the following language provision:

"ROAD FUND REVENUE INITIATIVE

Notwithstanding KRS 48.310, the following statutes are amended to read as follows and shall have permanent effect, subject to future actions by the General Assembly:

Section 1. KRS 138.460 is amended to read as follows:

- (1) A tax levied upon its retail price at the rate of six percent (6%) shall be paid on the use in this state of every motor vehicle, except those exempted by KRS 138.470, at the time and in the manner provided in this section.
- (2) The tax shall be collected by the county clerk or other officer with whom the vehicle is required to be registered:
 - (a) When he collects the registration fee for registering and licensing a motor vehicle the first time it is offered for registration in this state;
 - (b) Or upon the transfer of ownership of any motor vehicle previously registered in this state.
- (3) The tax collected by the county clerk under this section shall be reported and remitted to the Revenue Cabinet on forms provided by the cabinet and on those forms as the cabinet may prescribe. The cabinet shall provide each county clerk affidavit forms which the clerk shall provide to the public free of charge to carry out the provisions of KRS 138.450. The county clerk shall for his services in collecting the tax be entitled to retain an amount equal to three percent (3%) of the tax collected and accounted for.
- (4) A county clerk or other officer shall not register or issue any license tags to the owner of any motor vehicle subject to this tax, when the vehicle is then being offered for registration for the first time, or transfer the ownership of any motor vehicle previously registered in this state, unless the owner or his agent pays the tax levied under this section or as provided in Section 3 of this Part in addition to the transfer, registration, and license fees.
- (5) When a person offers a motor vehicle for registration for the first time in this state which was registered in another state that levied a tax substantially identical to the tax levied under this section, the person shall be entitled to receive a credit against the tax

imposed by this section equal to the amount of tax paid to the other state. A credit shall not be given under this subsection for taxes paid in another state if that state does not grant similar credit for substantially identical taxes paid in this state.

(6) A county clerk or other officer shall not register or issue any license tags to the owner of any motor vehicle subject to this tax, when the vehicle is then being offered for registration for the first time, unless the seller or his agent delivers to the county clerk a notarized affidavit, if required, and available under KRS 138.450 attesting to the total and actual consideration paid or to be paid for the motor vehicle. If a notarized affidavit is not available, the clerk shall follow the procedures under KRS 138.450(12)(a) for new vehicles, and KRS 138.450(12)(c) or (d) for used cars. (8) Where a motor vehicle is sold by a dealer in this state and the purchaser returns the vehicle for any reason to the same dealer within sixty (60) days for a vehicle replacement or a refund of the purchase price, the purchaser shall be entitled to a refund of the amount of usage tax received by the Revenue Cabinet as a result of the registration of the returned vehicle. In the case of a new motor vehicle, the registration of the returned vehicle shall be canceled and the vehicle shall be considered to have not been previously registered in Kentucky when resold by the dealer.

(9) When a manufacturer refunds the retail purchase price or replaces a new motor vehicle for the original purchaser within ninety (90) days because of malfunction or defect, the purchaser shall be entitled to a refund of the amount of motor vehicle usage tax received by the Revenue Cabinet as a result of the first registration. A person shall not be entitled to a refund unless he shall have filed with the Revenue Cabinet a report from the manufacturer identifying the vehicle that was replaced and stating the date of replacement.

(10) Notwithstanding the time limitations of subsections (8) and (9) of this section, when a dealer or manufacturer refunds the retail purchase price or replaces a motor vehicle for the purchaser as a result of formal arbitration or litigation, or, in the case of a manufacturer, because ordered to do so by a dispute resolution system established under KRS 367.865 or 16 C.F.R. 703, the purchaser
